DEPARTMENT OF JUVENILE JUSTICE

In accordance with § 2.2-4002.1 of the Code of Virginia, this guidance document conforms to the definition of a guidance document in § 2.2-4101.

**GUIDELINES FOR DETERMINING THE LENGTH OF STAY (LOS)
FOR JUVENILES INDETERMINATELY COMMITTED TO THE DEPARTMENT OF
JUVENILE JUSTICE**

Effective Date: March 1, 2023

1.0 PURPOSE

The Guidelines for Determining the Length of Stay (LOS) for Juveniles Indeterminately Committed to the Department of Juvenile Justice (LOS Guidelines) provide direction for determining the projected LOS and establish the release review process and eligibility requirements for juveniles committed to the Department of Juvenile Justice (the department) for an indeterminate period of time.

The LOS Guidelines seek to promote accountability and rehabilitation by combining data-driven decision making with an analysis of the youth's individualized therapeutic, educational, vocational, and behavioral needs to support the youth's successful reentry from commitment to the community. The LOS Guidelines provide an initial baseline for estimating the juvenile length of stay and build in an enhanced review and evaluation process that considers additional eligibility requirements to ensure that indeterminately committed youth have obtained the skills and resources needed for success upon release.

2.0 SCOPE

The LOS Guidelines apply to all juveniles who are committed to the department for an indeterminate period of time pursuant to subdivision A 14 of § 16.1-278.8 or § 16.1-272 of the *Code of Virginia*. Indeterminately committed juveniles placed in alternative direct care programs also fall under the purview of these guidelines.

The LOS Guidelines do not apply to juveniles determinately committed to the department as serious offenders under § 16.1-285.1 or subdivision A 2 of § 16.1-272 of the *Code of Virginia*. Notwithstanding the projected LOS determination and the case review process established in Section 8.0, the LOS Guidelines shall neither restrict nor limit the authority of the department director or the director's designee to release juveniles pursuant to §§ 16.1-285 and 66-3 of the *Code of Virginia* or other applicable statutes and regulations.

3.0 AUTHORITY

Section 66-10 of the *Code of Virginia* requires the Board of Juvenile Justice (the board) to “establish length-of-stay guidelines for juveniles indeterminately committed to the department and to make such guidelines available for public comment.”

4.0 OVERVIEW

The LOS Guidelines have been updated to achieve a balance of public safety, personal accountability, and competency development.

Public safety primarily emphasizes Virginia citizens’ rights to safe and secure communities. Achieving public safety requires a recognition that the more egregious a juvenile’s criminal offense, the more the public’s perception of safety and security is diminished. In these cases, the department should devote additional resources and time to the juvenile to address their criminogenic and therapeutic needs in order to reduce the likelihood of reoffending.

Accountability requires that staff make every effort to instill in juveniles a full appreciation of the harmful impact their actions have had on victims, the larger community, and the juveniles themselves.

Competency development requires that juveniles receive opportunities to acquire or build on interpersonal, cognitive, behavioral, and vocational skills and strengths to ensure they are released from direct care with increased likelihood of success when returning to the community.

The department seeks to achieve this balance by using the juvenile’s risk for rearrest and offense severity to calculate an initial projected LOS and employing an objective, enhanced case review process that considers several criteria to assess the youth’s progress in treatment, facility behavior, educational progress, and independent skill attainment. While the projected LOS shall serve as the initial consideration for release determinations, a youth’s release also will be contingent upon the fulfillment of several objective criteria as well as an enhanced case review and release evaluation conducted by an impartial committee. The department believes this multipronged approach will ensure the juvenile has received the necessary skills and competencies for successful reintegration into the community.

5.0 DEFINITIONS

“*Date of commitment*” means the hearing date on which the court made the determination to issue a final order committing the juvenile to the department.

“*Day*” means a calendar day unless otherwise specified.

“*Direct care*” means the time during which a juvenile who is committed to the department pursuant to § 16.1-272 or subsections A 14 or 17 of § 16.1-278.8 of the *Code of Virginia* is under the supervision of staff in a juvenile residential facility operated or contracted by the department.

“Dynamic protective score” means the juvenile’s protective score on exclusively “dynamic” (changeable) items on the Youth Assessment Screening Instrument. Examples of dynamic protective factors include relationships with pro-social adult role models, good school performance, pro-social peers, good parental supervision, usually obeying and following rules, consistently appropriate consequences from parents for bad behavior, consistently appropriate rewards from parents for good behavior, and involvement in two or more school activities.

“Dynamic risk score” means the juvenile’s risk score on exclusively “dynamic” (changeable) items on the YASI. Examples of dynamic risk factors include negative peer influences; negative family influences and failure to follow rules at home; school behavioral problems and poor school attendance; lack of empathy, dispositions favorable toward crime, and lack of receptivity toward change; and deficits in problem solving, interpersonal skills, and other cognitive skills that normally promote pro-social adjustment.

“Early release date” means the date associated with the estimated minimum amount of time, based upon the projected length of stay calculation, that indeterminately committed juveniles are expected to be in direct care, starting from their date of commitment.

“Facility-level review committee” means the internal decision-making body in a juvenile correctional center that serves as the highest level of committee review and decision making for case management decisions at the facility.

“Institutional offense” means a violation of the facility’s Code of Conduct governing juvenile behavior.

“Juvenile” means an individual, regardless of age, who is committed to the department and is residing in a juvenile residential facility. For purposes of these guidelines, the term “juvenile” is limited to a juvenile committed to the department pursuant to § 16.1-272 or subsection A 14 of § 16.1-278.8 of the *Code of Virginia*.

“Juvenile residential facility” means a publicly or privately operated facility, a secure facility defined in § 16.1-228 of the *Code of Virginia*, or an alternative placement for juveniles where 24-hour-per-day care is provided to juveniles under the direct care of the department.

“Late release date” means the date associated with the estimated maximum amount of time, based upon the projected length of stay calculation, indeterminately committed juveniles are expected to be in direct care, starting from their date of commitment.

“Overall risk score” means the overall risk to reoffend as determined by the YASI.

“Pending charge” means an alleged offense committed before the date of commitment on which there was not a final disposition or sentence prior to the determination of the projected length of stay.

“Projected length of stay” or “Projected LOS” means the projected duration, as calculated in accordance with these guidelines, a juvenile will spend in the department’s direct care after receiving an indeterminate commitment to the department. A juvenile’s actual LOS may vary from the projected LOS, based on the provisions of these guidelines.

“Serious injury” means an injury that requires immediate medical treatment from medical staff either in a juvenile residential facility or an offsite medical facility, and where the treatment provided or condition diagnosed prevents the immediate return of the juvenile to the general population, prevents the immediate return of staff to their individual duties, or causes significant disruption to the normal routine due to required follow-up medical care. The term ‘serious injury’ does not include an injury requiring only basic first aid.

“Sexual abuse” means any nonconsensual sexual contact by a juvenile on another juvenile or staff, including but not limited to (i) contact between the penis and the vagina or the anus; (ii) contact between the mouth and the penis, vagina, or anus; (iii) penetration of the anal or genital opening of another person by a hand, finger, or other object; (iv) non-penetrative intentional touching (either directly or through the clothing) of the genitalia, anus, groin, breast, inner thigh, or buttocks; or (v) intentional sexual touching (either directly or through clothing) of the genitalia, anus, groin, breast, inner thigh, or buttocks.

“Sexual misconduct” means any sexual conduct or act by a juvenile either individually, with another juvenile, or directed towards staff, including but not limited, to non-forced sexual contact, indecent exposure or masturbation, and sexual harassment.

“Statutory release date” means the date upon which the department’s legal authority to confine the juvenile expires. For indeterminately committed juveniles, with the exception of juveniles committed for murder or manslaughter, the statutory release date is the day before their 21st birthday or the date that occurs 36 continuous months from the latest date of commitment, whichever occurs first. For juveniles indeterminately committed for murder or manslaughter, the statutory release date is the day before their 21st birthday.

“Subsequent commitment” means a commitment to the department for an offense that a juvenile commits after the date of commitment.

“Youth Assessment and Screening Instrument” or “YASI” is the instrument the department uses to assess juveniles’ risk and protective factors. The full assessment includes 87 items across the following 10 domains: legal history, family, school, community and peers, alcohol and drugs, mental health, aggression and violence, (pro-social and antisocial) attitudes, (social and cognitive) skills, and employment and free time.¹ The legal history accounts for previous intake contacts for delinquent offenses, age at first intake contact, intake contacts for offenses, felony offenses, weapon offenses, intake contacts for offenses against person, intake contacts for felony offenses against persons, placements, juvenile detention, department custody, escapes, failure to appear in court, and violations of probation or rules of supervision.

¹ Orbis Partners, Inc. conducted a validation study of the YASI in New York in 2007. The National Council on Crime and Delinquency conducted a study comparing the validity, inter-rater reliability, and costs of juvenile risk assessments that included the implementation of the YASI pre-screen in Virginia in 2013.

6.0 CALCULATING THE PROJECTED LOS

The department shall determine a projected LOS for every indeterminately committed juvenile. The juvenile court service unit shall estimate the appropriate LOS no later than three (3) business days following the date of commitment if a social history report was previously completed prior to disposition and a maximum of five (5) business days following the date of commitment if a social history report was not completed prior to disposition. The department's Central Admission and Placement Unit shall review the court service unit's estimated LOS and provide a final calculation.

The projected LOS will be determined using two criteria:

The assessed risk level category (A, B, C, and D); and

The most serious committing offense severity tier (I, II, III, IV, and V).

6.1 *Determining Risk Level Category*

The committed juvenile's risk level category shall be determined by reviewing the youth's risk and protective factors at the time of admission to direct care based on the most recently administered YASI. The committed juvenile's risk level shall be assessed as one of four categories. In determining the juvenile's risk level, the YASI assesses static and dynamic risk and protective factors based on responses to the questions in the 10 domains, and the risk and protective factors are scored as being low through high or very high. The four risk level categories used for calculating the projected LOS are as follows in order of ascending levels of risk:

"Risk Level A" means the committed juvenile has an overall risk score of none/low or moderate on the juvenile's most recent YASI full assessment. This is the lowest possible level of risk;

"Risk Level B" means the committed juvenile has (i) an overall risk score of high and (ii) a dynamic protective score of moderate-high to very high on the juvenile's most recent YASI full assessment;

"Risk Level C" means the committed juvenile has (i) an overall risk score of high, (ii) a dynamic protective score of none to moderate, and (iii) a dynamic risk score of less than very high on the juvenile's most recent YASI full assessment; and

"Risk Level D" means the committed juvenile has (i) an overall risk score of high, (ii) a dynamic protective score of none to moderate, and (iii) a dynamic risk score of very high on the juvenile's most recent YASI full assessment. This is the highest possible level of risk.

[Appendix A](#) provides a flow chart depicting how the LOS risk level category is to be determined.

6.2 *Determining the Most Serious Committing Offense Severity*

The committed juvenile's offense severity shall be established based upon the juvenile's most serious committing offense. Offenses are separated into five tiers. An explanation of the types of offenses captured under each tier is provided below. For the abbreviated lists of offenses within each tier, please see Appendices B through F.

“*Tier I*” means the juvenile’s most serious committing offense constitutes a Class 1 misdemeanor unless the offense is specifically listed under Tier II or Tier III. The Tier I offenses are the least serious of the LOS most serious committing offense designation and are enumerated in [Appendix B](#).

“*Tier II*” includes a combination of Class 1 misdemeanor offenses and lower-level felony offenses. The elevated Class 1 misdemeanor offenses require some heightened level of intent, malice, or cruelty; result in increased injury or harm to the victim, including victims in a protected class; or involve the carrying of firearms or the use of firearms or other weapons in a dangerous or reckless manner or in a setting that potentially could threaten the safety of a larger number of individuals. Examples of Class 1 misdemeanor offense categories that are elevated to Tier II include certain misdemeanors involving cruelty to animals, non-forceful escapes from secure facilities, and brandishing or pointing firearms.

Tier II also includes a portion of the non-person felony offenses that have a statutory minimum penalty of less than 20 years. Examples of such Tier II offense categories include: (i) felony driving while intoxicated offenses; (ii) felony fraud offenses; (iii) felony labor-related offenses; (iv) felony larceny offenses excluding those involving stealing or receiving firearms; (v) felony vandalism offenses excluding those involving significant injury or death to animals; and (vi) several Schedule III or higher possession or distribution offenses. The abbreviated list of misdemeanor and felony offenses captured under Tier II is found in [Appendix C](#).

“*Tier III*” includes all parole violations, regardless of the severity of the underlying offense, as well as a combination of Class 1 misdemeanor and felony offenses. The Tier III Class 1 misdemeanor offenses include certain protective order violations and certain indecent exposure offenses involving minors.

In addition, Tier III includes, among others, the following felony categories: (i) arson of personal property valued at \$1000 or more or of unoccupied buildings; (ii) felony sex trafficking offenses not involving a minor; (iii) felony offenses involving escape from secure facilities using force or violence; (iv) extortion felonies; (v) child abuse and neglect; (vi) felony kidnapping with a statutory maximum penalty of 20 years or less; (vii) firearm-related larcenies; (viii) grand larceny from a person; (ix) carnal knowledge; (x) felony reckless driving offenses; (xi) offenses involving possession of Schedule I and II narcotics; and (xii) felony stalking offenses. The combined list of Class 1 misdemeanor offenses and felony offenses assigned to Tier III is found in [Appendix D](#).

“*Tier IV*” includes felony offenses that are deemed more serious in nature than those enumerated in Tiers II and III. Among the felony categories under Tier IV are the following: (i) arson of an occupied building; (ii) Class 3 felony assault offenses; (iii) kidnapping with a statutory maximum penalty exceeding 10 years; (iv) sex trafficking offenses involving minors; (v) offenses involving distribution or sale of Schedule I or II drugs; (vi) third or subsequent firearm conviction offenses; (vii) discharge of firearm in certain public places; (viii) involuntary manslaughter; and (ix) certain terrorism offenses. The abbreviated list of Tier IV offenses is found in [Appendix E](#).

“*Tier V*” means the juvenile’s most serious committing offense fell within any one of the following categories: (i) murder; (ii) accessory to murder; (iii) voluntary manslaughter; (iv) robbery resulting in death or serious bodily injury; (v) malicious wounding resulting in the victim’s permanent

impairment; (vi) rape or sex-related offenses with a maximum statutory penalty of life; and (vii) burglary of a dwelling with a deadly weapon. These offenses are enumerated in [Appendix F](#) and constitute the most serious of the LOS most serious committing offense designation.

The department director shall have the discretion to add new offenses, eliminate repealed offenses, or move offenses to alternative tiers in accordance with applicable legislative changes made by the Virginia General Assembly. Any changes in tier assignments made in accordance with this section shall be posted on the department’s website at least 30 days prior to taking effect.

Commitments on violations of probation shall be categorized as provided in Section 6.22.

6.21 Only Current Committing Offenses Will Be Used

The LOS calculation will be based solely on delinquency or criminal offenses that resulted in the current admission to direct care. With the exception of violations of probation, court orders, or suspended sentences discussed in Section 6.22, offenses not resulting in the current commitment(s) may not be considered in classifying the most serious committing offense severity tier.

6.22 Violations of Probation, Court Orders, or Suspended Commitments

If a juvenile was committed for: (i) violating the terms or conditions of probation, (ii) violating a court order, or (iii) violating a suspended commitment, then the most serious underlying offense will be used to determine the most serious committing offense severity tier.

When a juvenile is committed for a violation of probation along with another Class 1 misdemeanor or felony offense, both the underlying offense for the violation of probation and the additional misdemeanor or felony offense shall be considered in determining the LOS most serious committing offense severity tier.

6.3 Determining the Projected LOS

Except as provided in Section 6.4 addressing treatment overrides, the risk level category and most serious committing offense severity tier determinations shall be used to assign the juvenile a projected LOS. As illustrated in the table below, the youth will be assigned an early and late release date that progresses in accordance with increases in the youth’s risk level category and offense severity tier. The time frame between the early and late release dates also will vary depending upon the youth’s risk level and offense severity. If the youth’s most serious committing offense falls within Tiers I through III and the youth’s risk level category is A, B, or C, the early and late release dates will span a period of three months. This reflects the department’s belief that such youth will have fewer treatment needs and shorter programming requirements.

Juveniles who fall under Risk Level D, however, represent the highest level of risk, regardless of whether their most serious committing offenses are deemed less severe. Additional time will need to be devoted to addressing the juvenile’s enhanced treatment needs and providing additional programming or services prior to release. Accordingly, for juveniles assessed as Risk Level D with offenses falling in Tiers I through III, the early and late release dates will span a period of six months.

Youth whose most serious committing offense falls in Tier IV or V also present an increased threat to public safety that necessitates additional time in commitment to provide more intensive treatment, address victim impact and accountability, and assist the youth in attaining additional competencies and skills needed for successful reintegration into the community. When such youth have an assigned risk level category of A, B, or C, the early and late release dates will span a six-month period. Because youth with Tier IV or V offenses and who have been assessed as Risk Level D have committed the most severe offenses and represent the highest risk, the early and late release dates will span a period of nine months for these committed youth.

Projected LOS

Table

Most Serious Committing Offense		Risk Level			
		A	B	C	D
Tier I	Class 1 misdemeanors not listed in Tiers II or III (see Appendix B)	6-9 months	7-10 months	8-11 months	9-15 months
Tier II	Certain other Class 1 misdemeanors; certain non-person felonies (see Appendix C)	8-11 months	9-12 months	10-13 months	11-17 months
Tier III	Parole violations; certain other Class 1 misdemeanors; certain felonies (see Appendix D)	10-13 months	11-14 months	12-15 months	13-19 months
Tier IV	Certain felonies (see Appendix E)	12-18 months	15-21 months	18-24 months	21-30 months
Tier V	Murder, manslaughter, and other serious felony offenses (see Appendix F)	18-24 months	21-27 months	24-30 months	27-36 months
Other	Treatment Override	Juveniles who have been assessed as needing inpatient sex offender treatment are managed as an exception to the grid. (See Section 6.4 for an explanation of the treatment override process)			

6.4 Treatment Override

Juveniles who have been assessed as needing inpatient sex offender treatment, regardless of their committing offense, will not be assigned a projected LOS. Instead, they will be handled according to the treatment override process. Treatment override cases will be eligible for release consideration upon completion of the designated treatment program and fulfillment of the additional requirements set out in Section 8.2. If a juvenile is committed on a sex offense but the assessment does not indicate a need for inpatient sex offender treatment, the juvenile's projected LOS shall be determined in accordance with Section 6.3.

6.5 Pending Charges

In some cases, a juvenile may have pending charges at the time of commitment that later result in a commitment to the department. If the most serious pending offense resulting in the commitment falls into a higher offense severity tier, the projected LOS shall be reassessed. Although the date of commitment on the pending charge(s) shall be the starting point for determining the statutory release date in accordance with *Code of Virginia* § 16.1-285, the revised projected LOS shall run from the earliest date of commitment associated with the current direct care stay.

7.0 OTHER ISSUES IMPACTING LOS

7.1 Subsequent Commitments

If a juvenile receives a subsequent indeterminate commitment, regardless of the severity of the new offense, the LOS shall be recalculated. Notwithstanding the results of the recalculation, a subsequent commitment shall extend the juvenile's projected early and late release dates for a minimum period of three additional months.

All subsequent commitments shall undergo a case review conducted by a facility-level review committee to consider whether additional time, apart from the mandatory three-month extension, should be added to the juvenile's length of stay, and what, if any, additional time is appropriate. The case review process shall include: (i) a reassessment of the YASI; and (ii) a discussion of additional or modified treatment needs resulting from the new offense. All recommendations for modifications made by the facility-level review committee under this section shall be approved by the central review committee. Any extensions to the length of stay may not exceed the juvenile's statutory release date.

7.2 Escape Offenses and Assaults Resulting in Serious Injury

If a juvenile is found guilty through the department's due process procedures of escape, attempted escape, aiding and abetting escape, or assault resulting in serious injury, the department may extend the juvenile's projected early and late release dates for a maximum period of 12 months, as provided for in department procedures. Any such extension to the LOS shall be approved by the facility-level review committee and may be appealable to the central review committee by the juvenile or, in cases involving assaults resulting in bodily injury, the victim. Any extension imposed may not exceed the juvenile's statutory release date.

Additionally, if the escape-related offense or assault resulting in serious injury is subject to prosecution in a court of competent jurisdiction and the court finds the juvenile guilty and orders a subsequent commitment, the juvenile shall be subject to the process outlined in Section 7.1.

7.3 *Other Institutional Offenses*

When a juvenile is found guilty through the department's due process procedures of any other institutional offense not listed in Section 7.2, the case shall undergo a unit-based review to consider how the behavior resulting in the offense may be addressed and whether the projected early and late release dates should be extended. Any such extension to the LOS shall be approved by the facility-level review committee and may be appealable to the central review committee by the juvenile or, in cases involving offenses against the person, the victim. Any extension imposed may not exceed the juvenile's statutory release date.

8.0 RELEASE REVIEW PROCESS; ELIGIBILITY

8.1 *Committee Review Hierarchy and Composition of Central Review Committee*

The evaluation and release process shall involve a combination of case reviews at the institutional and central agency level. The department's institutional committees shall be responsible for conducting case reviews throughout the juvenile's commitment and identifying juveniles who fail to meet the eligibility requirements for release necessary for referral to the central review committee and outlined in Section 8.2 as well as for identifying juveniles eligible for release in accordance with Section 8.2. Final release determinations shall be made by the central review committee.

The central review committee shall include, at a minimum, the following department employees: (i) a victim liaison tasked with representing the perspective of victims of crimes in the Commonwealth; (ii) an employee with internal investigations authority designated as such in accordance with § 66-3(7) of the *Code of Virginia* who has not been involved directly in investigations for the juvenile being considered for release; (iii) an employee in the department's Division of Education established pursuant to § 66-13.1; (iv) one employee from the department's Division of Residential Services, who shall be employed in the Behavioral Services Unit established pursuant to § 66-19, who was not involved in treating the juvenile being considered for release; (v) an employee from the department's Division of Community Programs; (vi) an employee from the unit providing reentry services to youth returning to the community from commitment; and (vii) an employee in the department's Quality Assurance Unit, which is responsible for monitoring the integrity and fidelity of services being delivered to youth across the state.

Initial case reviews shall be conducted in accordance with the time frames established in Sections 8.4 and 8.5. Whenever a facility-level review recommends a juvenile for release from commitment, the recommendation shall be approved by a central review committee before the juvenile may be released.

8.2 *Eligibility for Release*

At each stage of the review process, the appropriate committee shall assess the juvenile's preparedness for release from the juvenile residential facility. While the review committees shall have the discretion to consider additional factors in determining whether the juvenile has made sufficient progress during commitment and is prepared to be released, the committee may not recommend a juvenile for release unless the juvenile has fulfilled the minimum eligibility requirements set out in subdivisions (1) through (3) of this section. Whenever a juvenile is being considered for release, regardless of the recommendation, each case review committee shall document its recommendation or decision, as well as the rationale. Juveniles deemed ineligible for release at any stage of the review process shall be reconsidered for release in accordance with the review cycle established in department procedures.

1. *Completion of all required treatment:* The juvenile shall complete all assigned treatment requirements and shall demonstrate consistent application of the skills obtained in treatment in their interactions with staff, other juveniles, or other individuals in the facility. Completion of treatment shall be determined by a clinician employed in the Behavioral Services Unit.
2. *Participation in educational and vocational programs:*
 - a. **Tiers I through III:** School-aged juveniles whose most serious committing offense falls within Tiers I through III and who have not obtained a high school diploma or high school equivalency shall demonstrate active participation and engagement in their assigned educational programs. All other juveniles shall demonstrate active participation in a vocational program, a work education release program, or a college course, as available.
 - b. **Tiers IV and V:** School-aged juveniles whose most serious committing offense falls within Tier IV or V shall actively participate and engage in an assigned educational program, if applicable. Juveniles shall complete coursework, pass an examination, and receive a credential or certification, as applicable for at least one available skilled trade vocational program, such program having a minimum of 6 months coursework or instruction. The department's superintendent, as established in *Code of Virginia* § 66-13.1, shall have the discretion to waive completion of vocational program requirements for juveniles who have disabilities or other conditions that impede their ability to complete the coursework or pass the relevant examination, or who are participating in the reentry assistance program and whose academic performance is so exceptional that the superintendent permits such waiver to enable the juvenile's successful completion of college credits in lieu of the vocational program requirements.
 - c. **Tiers IV and V with ERD of 15 months or later; enhanced vocational requirements for earlier release:** Juveniles assigned to Tier IV or Tier V whose early release date falls at 15 months or later may petition for release prior to their early release date if they have completed a vocational program. Completion is defined in this section as finishing a minimum of 12 months' course work for a skilled trades certification designated in the department's written procedures, including but not limited to HVAC, electrical, plumbing, welding, or any other course meeting the above minimum requirements; passing an examination; and receiving such certification. No Tier IV or Tier V committed youth may be released prior to their early release date

without meeting the requirements of this subdivision. All other requirements for eligibility for release shall apply.

3. Avoidance of certain behavioral infractions:

- a. A juvenile found to have committed any of the following infractions within the time frames specified in Section 8.2(3)(b) shall not be eligible for release until, at a minimum, the next review cycle:
 - i. Assault on staff or other juveniles not resulting in serious injury
 - ii. Gang behavior or gang activity
 - iii. Fighting
 - iv. Possession of security contraband
 - v. Sexual abuse
 - vi. Sexual misconduct
 - vii. Pattern of disruptive or noncompliant behavior.
- b. The timeframes for avoiding such behaviors shall be based on the juvenile's offense severity tier, as provided below
 - i. Tiers I and II – 90 days prior to release
 - ii. Tier III – 120 days prior to release
 - iii. Tiers IV and V – 180 days prior to release.

While the behavior infractions listed above will impact a juvenile's eligibility for release, the committee may take into account any additional institutional offenses not specified above in determining whether a juvenile is prepared for release. The central review committee also may recommend exceptions regarding these behavioral criteria in extenuating circumstances; however, the director or their designee, shall approve any exception before the juvenile is deemed eligible for release.

For alternative direct care programs, the approvals and waivers authorized in this section may be provided by the individuals established in the facility's written procedures, as approved by the director or their designee.

8.3 *Application of Eligibility Requirements*

The release eligibility requirements in 8.2 shall apply to all juveniles being considered for release, including juveniles who receive a treatment override in accordance with Section 6.4.

8.4 *Deadline for Initial Case Review*

Juveniles who are assigned a projected LOS pursuant to Section 6.3 shall have an initial case review by the appropriate review committee 30 days prior to their early release date. Juveniles with an early release date of 15 months or later shall have an initial case review 30 days prior to the date that falls 15 months after their earliest date of commitment.

Juveniles who receive a treatment override pursuant to Section 6.4 shall have a facility-level review six months after their earliest date of commitment. The facility-level committee shall conduct a subsequent review 12 months after the juvenile's earliest date of commitment, and every six months thereafter. If the facility-level committee recommends release at any of these points, the case shall be advanced to the central review committee for final consideration. The central review committee shall set a schedule for any additional and ongoing reviews for juveniles referred to it under this section.

Note: If a juvenile is committed on a sex offense and the assessment does not indicate a need for inpatient sex offender treatment, that juvenile's projected LOS shall be determined pursuant to the provisions of Section 8.2

A case review conducted within five business days before or after the applicable deadlines established in this section shall be sufficient to meet the required time frames.

8.5 *Case Reviews for Misdemeanor Offenses Projected to Exceed One Year*

In addition to any other case reviews required in these guidelines, a juvenile whose most serious committing offense is a Class 1 misdemeanor and whose projected late release date exceeds one year shall have a case review by a central review committee 60 days prior to the first anniversary of the juvenile's earliest date of commitment. If the central review committee recommends that the juvenile's commitment is altered from the original release date or extends beyond twelve months, the director shall review and approve the recommendation. A case review conducted within five business days before or after the deadline established in this section shall be sufficient to satisfy the required time frames.

8.6 *Opportunities for Earlier Release*

To encourage and enhance program participation, juveniles who have completed their treatment and programming, maintained good behavior, and meet the requirements for release eligibility under Section 8.2 may petition the department for release prior to their projected early release date. The department shall outline this process in written procedures, which shall be explained to the juvenile during orientation.

9.0 STATUTORY RELEASE DATE

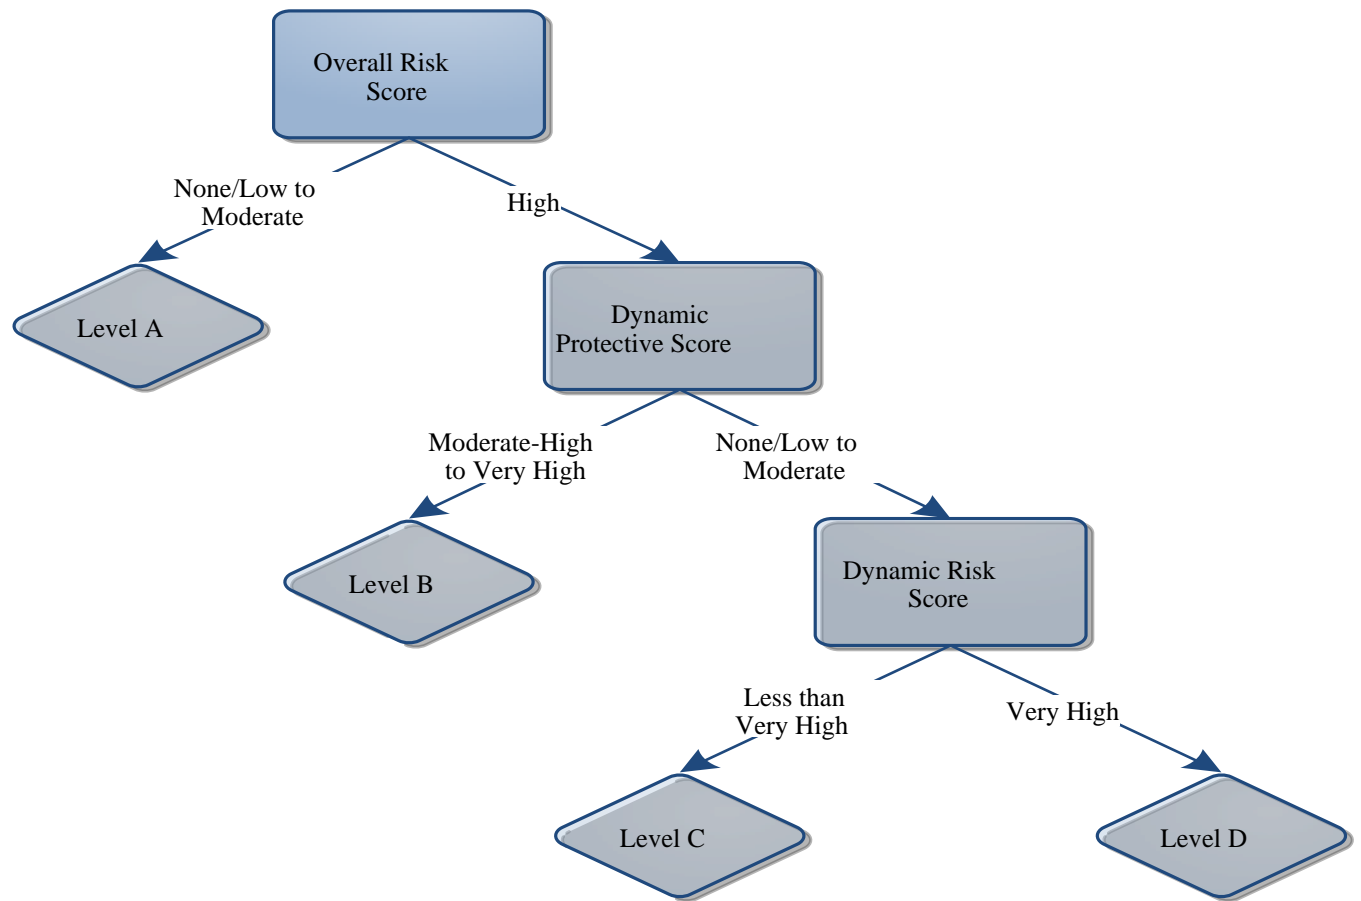

Notwithstanding any requirements in these guidelines, the department has the authority to keep indeterminately committed juveniles in direct care until their statutory release date but may not allow a juvenile to remain on direct care status beyond this date.

10.0 DIRECTOR'S AUTHORITY TO RELEASE

The department director or the director's designee shall have the discretion to overturn the central review committee's approval or denial of an indeterminately committed juvenile's release from commitment and to extend or reduce the LOS of any such juvenile up to their statutory release date if

such a change would serve the welfare of the juvenile, other juveniles, staff within a juvenile residential facility, or the public.

APPENDIX A RISK LEVEL

INTRODUCTION TO APPENDICES B THROUGH F

The Guidelines include Appendices B through F, which enumerate the active Virginia Crime Codes (VCCs) that are used to categorize offenses in the Commonwealth. The appendices assign one of five offense severity tiers to each relevant VCC. Section 6.2 of the Guidelines grants the DJJ director the discretion to “add new offenses, eliminate repealed offenses, or move offenses to alternative tiers in accordance with applicable legislative changes made by the Virginia General Assembly.” Additionally, Section 6.22 provides, “if a juvenile was committed for: (i) violating the terms or conditions of probation, (ii) violating a court order, or (iii) violating a suspended commitment, then the most serious underlying offense will be used to determine the most serious committing offense severity tier.”

Over the course of the last two fiscal years, the department issued supplemental documents that identified new, modified, or repealed offenses resulting from related legislative changes, as well as retired VCCs that were relevant to juveniles who committed any of the violations specified in Section 6.22. The supplements assigned a tier to each new, amended, or retired offense in alignment with the tiers assigned to comparable offenses under the Guidelines. In some cases, a legislative change necessitated a change to the description or statutory reference of an existing VCC that was not otherwise altered. Rather than issuing a separate document for these additional tier designations, effective July 1, 2025, these Guidelines incorporate the new, amended, and relevant retired offenses into the tables presented in Appendices B through F. The key below explains the various symbols used throughout these appendices.

KEY

*Denotes a current active VCC, where previous versions have been retired due to legislative or other changes.

**Denotes an offense that has been retired due to legislative or other changes.

***Denotes an offense with a delayed effective date of July 1, 2026.

APPENDIX G

ADDITIONAL OFFENSES NOT ENUMERATED

The department has identified numerous offenses that, while legally possible, are not likely to apply to juveniles. In addition, several offenses, by virtue of the express statutory language, could never apply to juveniles. In order to reduce the size of the tables, these offenses were extracted from the preceding appendices and placed into separate categories. The categories are listed and described below, along with a parenthetical reference to the number of offenses extracted for each category.

AG (53): This category includes all agricultural-related crimes. These crimes include many VCC's that have the "AGR" prefix. Examples of offenses falling under this category include: "Grain Dealer violations", "Introduce snakehead into coastal waters", and "falsification of corn handlers records."

AGFW (96): This category contains offenses related to animals, fishing, game, and wildlife. This category combines VCC's that contain the Animals "ANM" prefix and the Game, Fish, and Wildlife "GFW" prefix. Examples of offenses falling into this category include "providing livestock to an unlicensed shooting enclosure" and "feeding garbage to swine."

EDU (12): This category includes education-related offenses. These offenses typically are committed by an institution or its agents, rather than a student. These offenses contain the EDU prefix. Examples include "using the term 'college or university' without approval," "representing a school as accredited," and "operating a post-secondary school without certification."

ENV (18): This category includes environmental offenses, many of which relate to water, renewable energy, or pollution. Generally, these offenses are committed by businesses and manufacturers. Examples include sale of a cleaning agent that contains over .5% phosphorus, negligent discharge of oil into water, and failure to comply with renewable energy provisions.

FIN (115): This category addresses offenses involving financing and includes many fraud provisions, offenses involving banking regulations and laws, and other monetary crimes that juveniles typically do not commit. Examples include violating or causing a violation of banking trust laws, transfer of preneed trust funds without approval, and unauthorized transaction as a Stock corporation.

LIC (110): This category includes offenses that were either committed by practitioners in certain professions or committed when the perpetrator lacked the proper license. Examples of crimes in this category include many alcohol-related offenses, such as employing individuals under age 18 to serve alcohol, allowing immoral conduct and selling drinks, and employing someone of "ill repute." Additionally, this category includes typical license violations, such as practicing as a physician without a license, selling at an auction without a license, and performing social work without a license.

M, BUS (175): This category references Miscellaneous Business offenses. This is a catch-all category for offenses generally relating to or committed by businesses but not falling within the finance, tax, manufacturing, or licensing categories. Examples of crimes in this category include

Appendix G

fraudulently obtaining certification of minority business, certain gambling offenses, and asking prohibited questions on an employment polygraph test.

MAN/SELL (133): This category relates to manufacturers and sellers. Offenses falling in this category would require a minor to be the legally responsible party as either a manufacturer or seller. Crimes in this category include being the legally responsible party as a car manufacturer, failing to follow proper rules as a car dealership, or coercing another auto dealer. The seller-related offenses include those where it would be extremely unlikely for a minor to be the legally responsible party, such as selling a bike without the proper decals, deceptive advertising, and failing to obtain certification as a manufactured home dealer.

MISC (28): This catch-all category is intended to include remaining miscellaneous offenses that minors are unlikely to commit but that do not fall into other categories. Offenses in this category include abandoning a solid waste facility without proper closure, inaccurate devices submitted when measuring sewage, and disclosure of a sealed criminal record maliciously.

N/A (147): This category includes crimes that are impossible for a minor to commit, either due to express statutory language or because a minor could not practically commit the applicable offense. This differs from the other categories in this appendix that may be legally possible for minors to commit, but are not particularly likely. Examples of crimes in the N/A category include disclosure by a General Assembly member (as all such members must be at least age 21 to serve), or failure to cover a rental car with insurance (as minors are not permitted to rent cars).

TAX (53): This category includes the vast majority of tax offenses. Most offenses in this category have the TAX prefix; however a few also involve fraud or failure for certain specified industries or businesses to pay taxes. Most of the taxes within this category are not likely to be levied against a minor. Examples of offenses within this category include misrepresenting the value of an aircraft on required tax forms or employers failing to properly furnish taxes.

VOT (34): These crimes contain the VOT prefix and would require a minor to be the legally responsible party for a variety of election and voting offenses. Examples include violating the campaign finance disclosure act, violating print advertisement requirements, and unlawfully disbursing funds in excess of the inaugural expenditure.
